NEST is a breakout stool and coffee table concept using entirely CNC cut wood components. The gaps in between the spokes can store A4 files or books, which we thought as creatively clever, dual-use thinking. Units can be used individually or as a cluster. We figured if one person sits on the upholstered version, while an un-upholstered version is placed next to it, the un-upholstered can be conveniently used as a table. C-Anenome can be finished in a number of colours, with complementary contract fabrics and leathers for the seat.

Upholstered: 450mm H x 820mm DIA
(750mm DIA cushion and base)

Dimensions

Un-upholstered: 420mm H x 820mm DIA
(750mm DIA top and base)
